Maritime Sciences & Seamanship Foundation,

Angelina had a great time on the water this summer and gained infinite sailing experience. Thank you to all the donors & foundation who make this possible. You have made a positive, impactful difference in her life.

Thank You, Natalie, Mom of Angelina

Dear BYC,

Thank you for giving me the opportunity to sail FJs again. Every year of sailing has been super fun, just getting to be on the water has been amazing and because of this I'm super grateful for everything.

Angelina
